Note for General Walters,

I received a telephone call from Mr. Angus McDonald of the House Subcommittee on Missing Persons re your briefing this morning before the Committee. He wanted to thank you personally for "a superb job, exactly what was needed, and the best briefing we've ever had."

I advised Mr. McDonald that you would be away from the office until around 4:00 p.m. and that would be the best time for him to reach you to convey his thanks personally.
